Subject: Approval of Amended Notice of Intention to Commence Small Mining Operations, Century Gold Mining and Milling Company, Inc., Century Mine, S/003/0077, Box Elder County, Utah

Dear Mr. Gillespie:

Thank you for your timely response and submitting the increased reclamation surety and new site map. The Division now finds your amended Notice of Intention to Commence Small Mining Operations (NOI) complete. You are now permitted to conduct small mining activities as outlined in the amended NOI, provided you have approval from all other appropriate agencies. The approval or acceptance of a complete NOI does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations. Enclosed please find a copy of the approved amendment to your NOI.

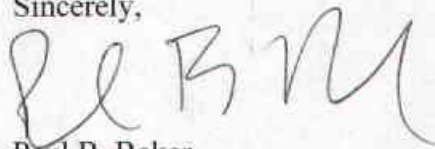

Please keep in mind the following regulatory requirements.

- Stockpiling topsoil material prior to beginning activities will help ensure successful revegetation. Even the first few inches of undeveloped material is worth saving to aid in later revegetation efforts, and future regulatory surety release.
- If you encounter any archaeological or historical items, you are asked to notify this office, and State History of your find.
- Annual reports and permit fees are due by January 31<sup>st</sup>.
